Address

Keerthi Rendezvous, Pai Layout,
Krishnarajapuram, Bengaluru, 560016.

Courses And Workshops

Industrial automation training in L & T Automation campus, Mahape, Navi Mumbai (2018).

I'm an experienced Web Developer with a primary focus on UI design and development. I specialize in creating interactive and engaging web interfaces using JavaScript, along with frameworks or libraries like React Js when needed based on project requirements.

Experience

UX Designer, Developer at Skellam AI, Bengaluru, India (Dec 2021 to Present)

- Led the design and development of the mobile apps Qffer and Qubriux from scratch using React Native.
- Conducted iterative optimizations for Qffer resulting in almost a 50% increase in app speed, improved usability.
- Designed and Developed a web app from scratch to enhance Qffer functionalities using Next.js.
- Reduced page load time by 60% for the Qubriux web app, built in Angular, by modularising the app.
- Implemented internationalization(i18n), UI redesigns for Qubriux web app using Angular and Javascript.

Web Developer at Evoque Innovative Lab, Bengaluru, India (Dec 2020 - Dec 2021)

- Managed end-to-end website development projects for various clients using HTML, CSS, and javascript.
- Leveraged React.js and SASS to deliver multiple projects such as Goodoor, Truekhoj and others.
- Conducted research on packages suitable for project requirements, and developed custom components in React for various projects.
- Contributed to the backend development using Node.js for some projects, and implemented Metamask integration for AIBC, an NFT minting platform.

Web design Intern at Inches N Feet, Bengaluru, India (Oct 2020 - Nov 2020)

- Collaborated closely with founders to gather requirements and translate them into engaging user interfaces from scratch.
- Utilized Adobe Photoshop and Illustrator proficiently to design high-quality graphics, icons, and banners, elevating website aesthetics and user experience.
- Conducted thorough testing and reviews to ensure website responsiveness, clarity, and functionality across various devices and platforms.
